Welcome to Country

In the spirit of reconciliation Associated Rigging acknowledges the Traditional Custodians of country throughout Australia and their connections to land, sea and community.

We pay our respect to their elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples today.

ABOUTUS

At Associated Rigging, we have one of the largest crane fleets for hire in the Melbourne & Geelong regions.

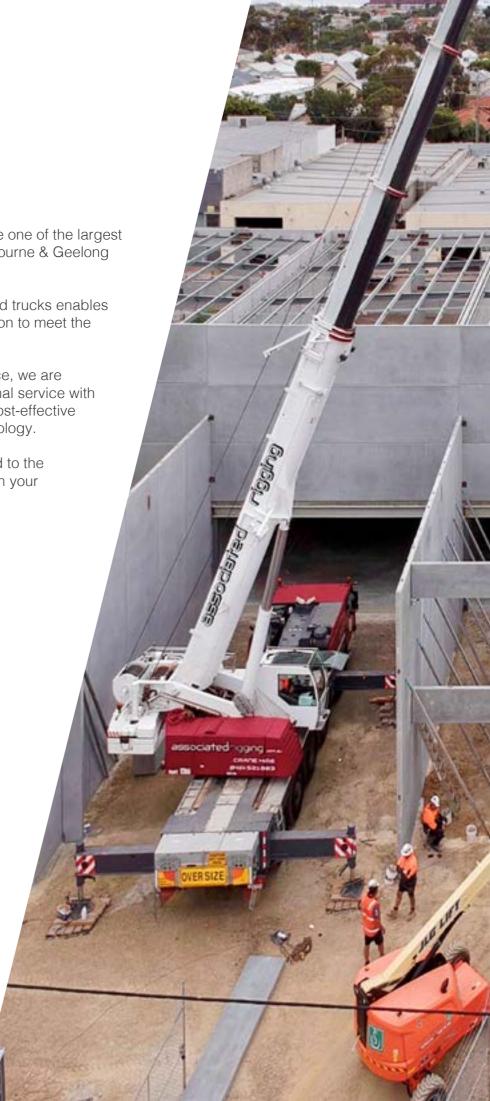

Our diverse range of cranes and trucks enables us to tailor the right lifting solution to meet the specific needs of each project.

With over 30 years of experience, we are focused on providing exceptional service with the safest, most reliable, and cost-effective solutions using the latest technology.

All of our cranes are maintained to the highest level and will operate on your job site safely and reliably.

we are specialists in structural steel installation and precast concrete panel erection

CORE

Everything we do at Associated Rigging is geared towards providing our clients with a unique and superior crane hire experience across a broad range of industries Australia-wide.

Our team of Riggers, Dogmen, Lift Supervisors, Boilermakers, and Crane Operators are fully trained, licensed, and ticketed. Staff are OH&S compliant and certified for height and high-risk work across a range of terrains and projects.

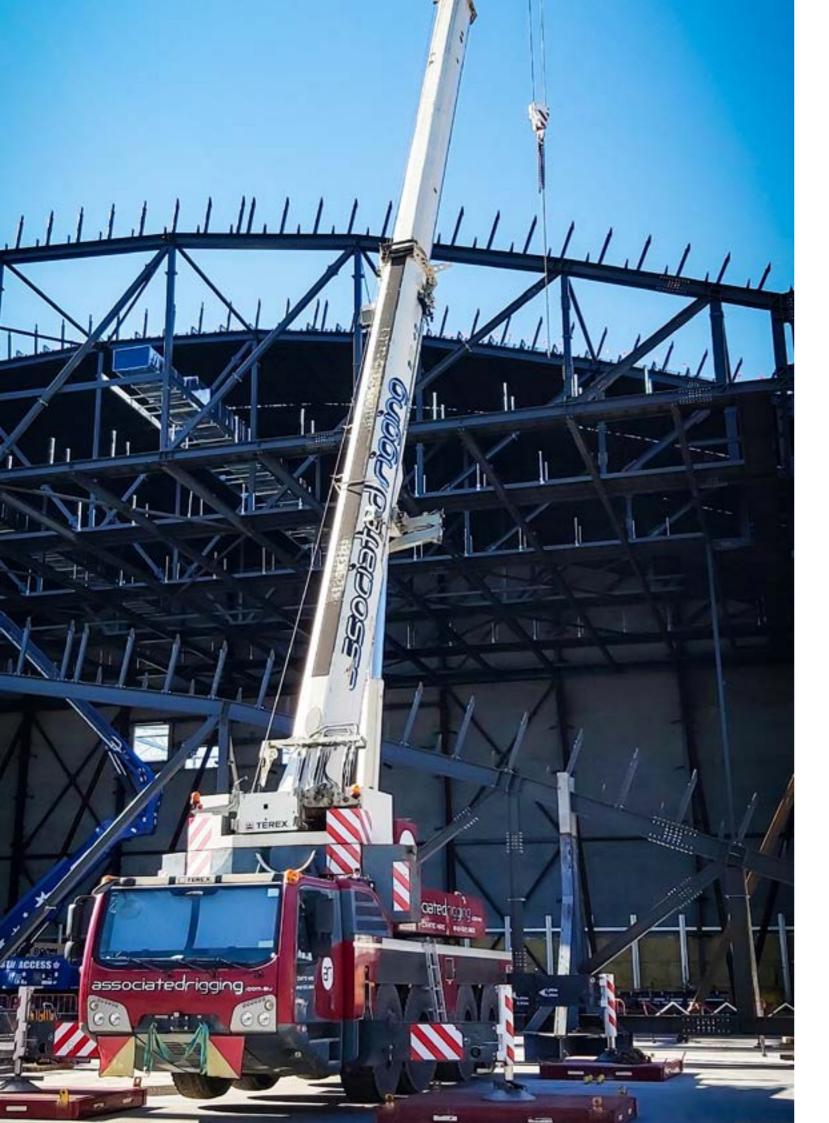

We can provide cranes with lifting capabilities from anywhere between 3t to 250t. We also offer compact cranes to fit in tighter spaces without compromising on lifting capacity.

WHAT MAKES US DIFFERENT

- Operated in the construction industry for over 30 years
- ✓ Highly trained, licenced, skilled and experienced employees
- ✓ Operate to the highest safety standards
- ✓ Deliver projects on time and to budget
- ✓ Experience in major infrastructure projects
- ✓ Provide an economical service
- ✓ Fully insured
- Up to date company policies and procedures to ensure excellent safety standards are adhered to

4

When it comes to quality, selection and maintenance, our crane fleet is outstanding

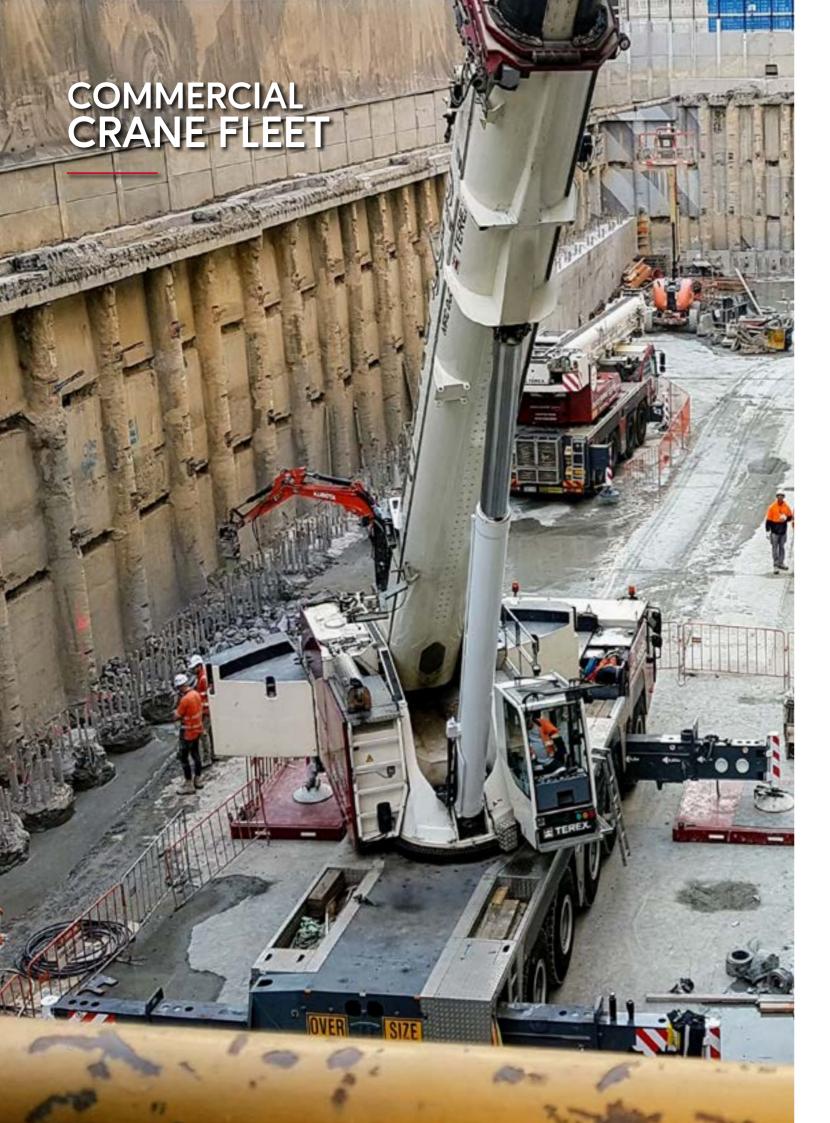

CRANE FLEET & EQUIPMENT

We recognise that each project is unique and presents its own challenges which is why we pride ourselves on finding the best lifting solution for our clients.

All of our vehicles and lifting equipment are subjected to regular and rigorous maintenance programs and safety checks.

Our fleet of state-of-the-art vehicles includes all-terrain cranes, truck cranes, franna cranes, crawler cranes, specialist lifting equipment, and more. That means we have the right lift-and-shift solution to suit any job or worksite.

We are regularly updating our fleet so we can make sure our clients are provided with the latest in lifting technology.

We carry a wide range of cranes, some of which are not shown here. For further information, please contact us.

FEATURED CLIENTS

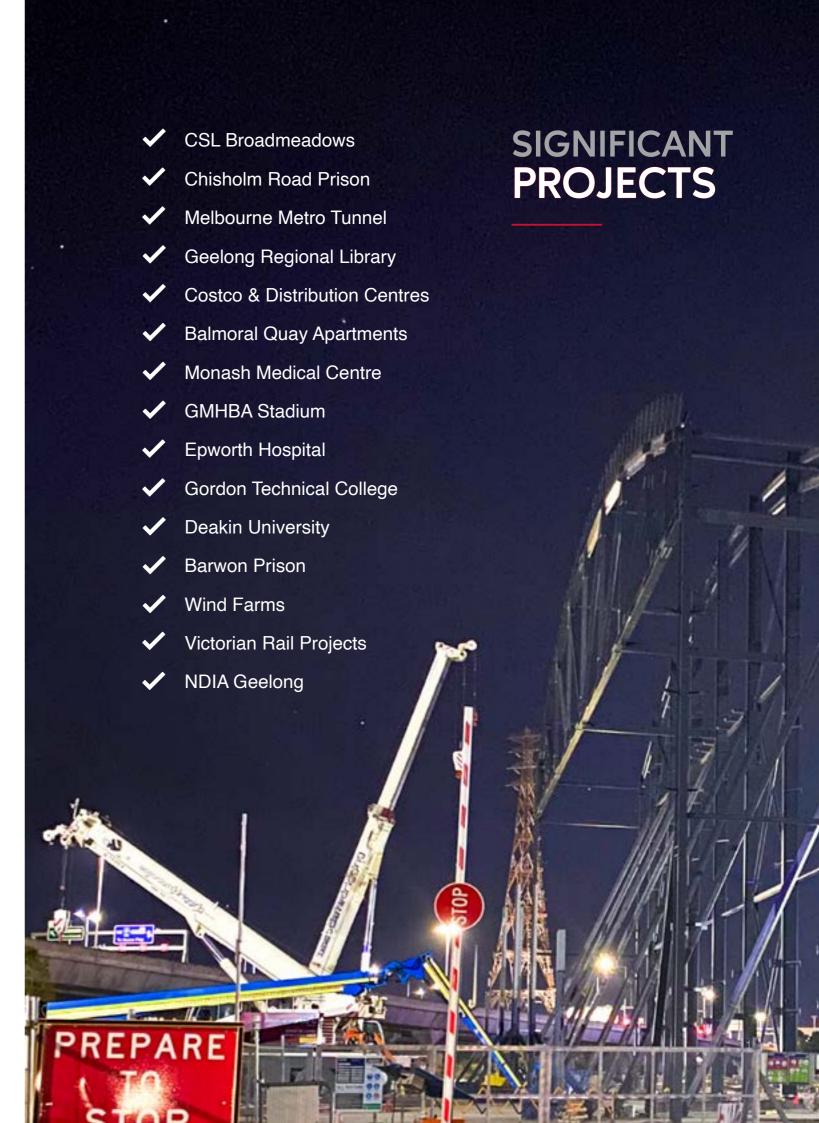

We don't take any chances when it comes to safety

LIFT STUDIES

We offer expert Lift Studies to carefully plan for crane lifting operations, using the latest CAD technology.

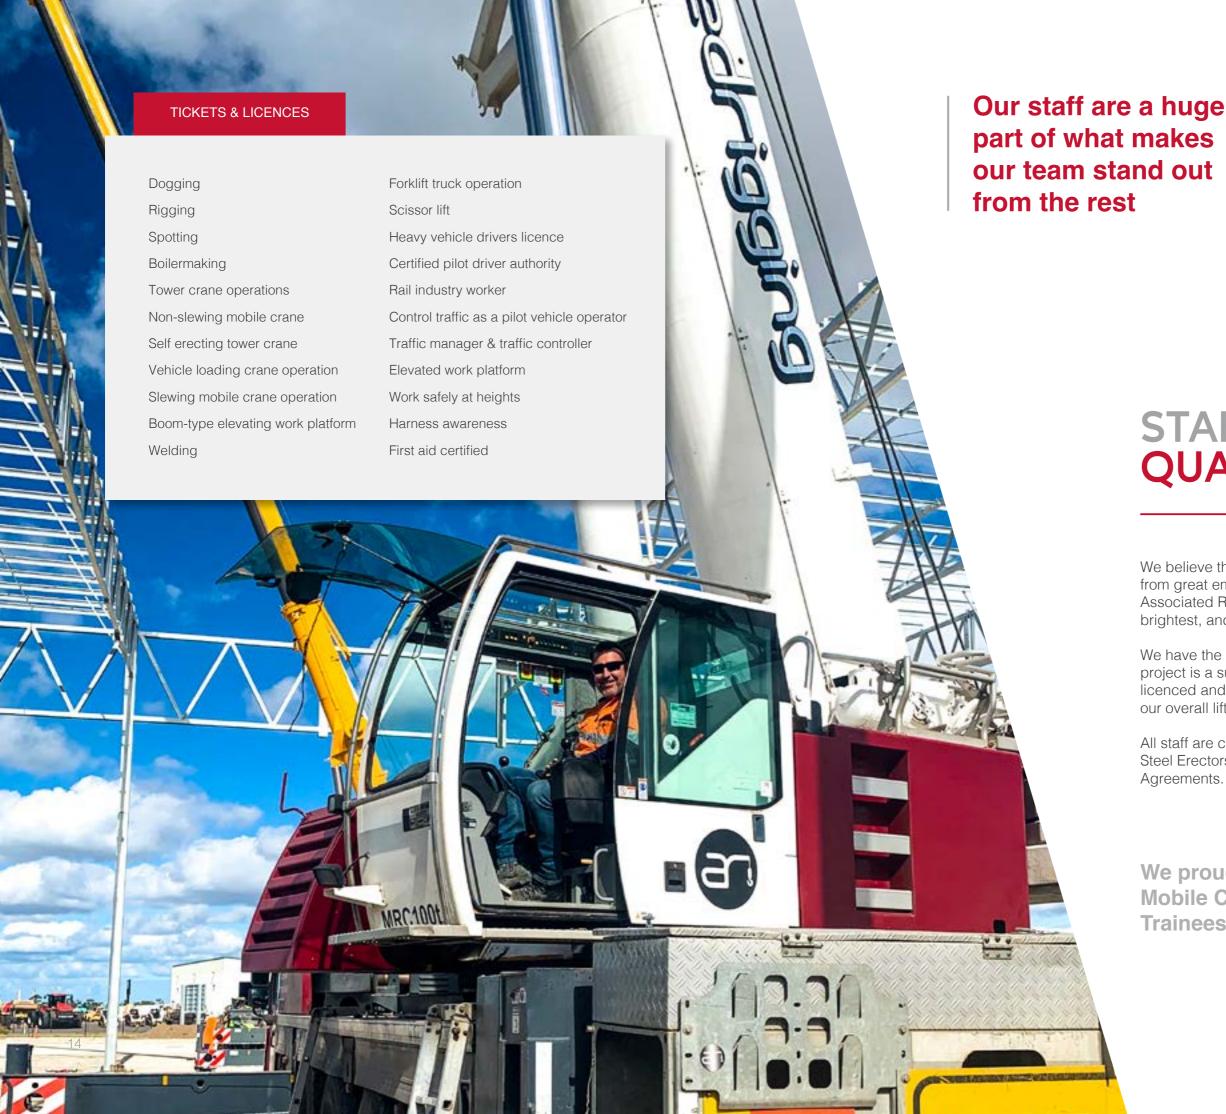

Each lift we manage is carefully evaluated to ensure all safety considerations are addressed before work begins.

Our Lift Studies are a compilation of crane and rigging data with all aspects of the lift pre-designed. They take the worry out of intricate lifting operations to ensure each project is carried out safely, to budget and within project deadlines.

The following factors are carefully considered when preparing a Lift Plan:

- ✓ Crane design, make and model to be used
- ✓ Crane setup and operation
- ✓ Rigging equipment, technique and configuration
- ✓ Outrigger point loads
- ✓ Load requirements, including load factors
- ✓ Radius and capacity of crane
- ✓ Ground conditions, including ground type
- ✓ Wind speed and other weather conditions
- ✓ Roles, responsibilities, and qualification of personnel
- ✓ Other site specific considerations

STAFF QUALIFICATIONS

We believe that great companies stem from great employees, which is why Associated Rigging only hire the best, brightest, and most experienced.

We have the right staff to ensure each project is a success. We offer fully trained, licenced and experienced staff as part of our overall lifting solution.

All staff are covered by the Crane Hire & Steel Erectors Enterprise Bargaining Agreements.

We proudly support the Mobile Crane Industry Traineeship Program.
